

FALIA Invitational Seminar in Japan
“IT Course”

Overview of Life Insurance
Industry in Japan

Wednesday, 8 November 2017

Toshihiko Kiyomiya

Hirofumi Kurata

Chief

International Affairs Dept.

The Life Insurance Association of Japan

Contents

- About LIAJ
- Brief History of Market Development
- Demographic Change / Ageing
- LIAJ in capacity building

About LIAJ

About LIAJ

Who we are:

- ✓ An unique industry body
 - : LIAJ represents all operating insurers in Japan
- ✓ A voluntary group
 - : Life insurers are not mandated to join LIAJ
 - LIAJ is funded by member contributions
- ✓ A business association with over 100 years of history
 - : LIAJ is not mandated to regulate/supervise members
 - LIAJ serves as a platform for member cooperation

About LIAJ

Our goal:

- ✓ LIAJ aims to promote the industry's sound development and maintain its reliability, thereby contributing to improving quality of national life
- ✓ To this end, LIAJ focus its activities on areas such as
 - public policy discussion
 - compliance (conduct of business, AML/CTF, etc)
 - solicitor education
 - disclosures/consumer confidence
 - dispute resolution
- ✓ LIAJ's activities reflect hot issues for the industry

About LIAJ

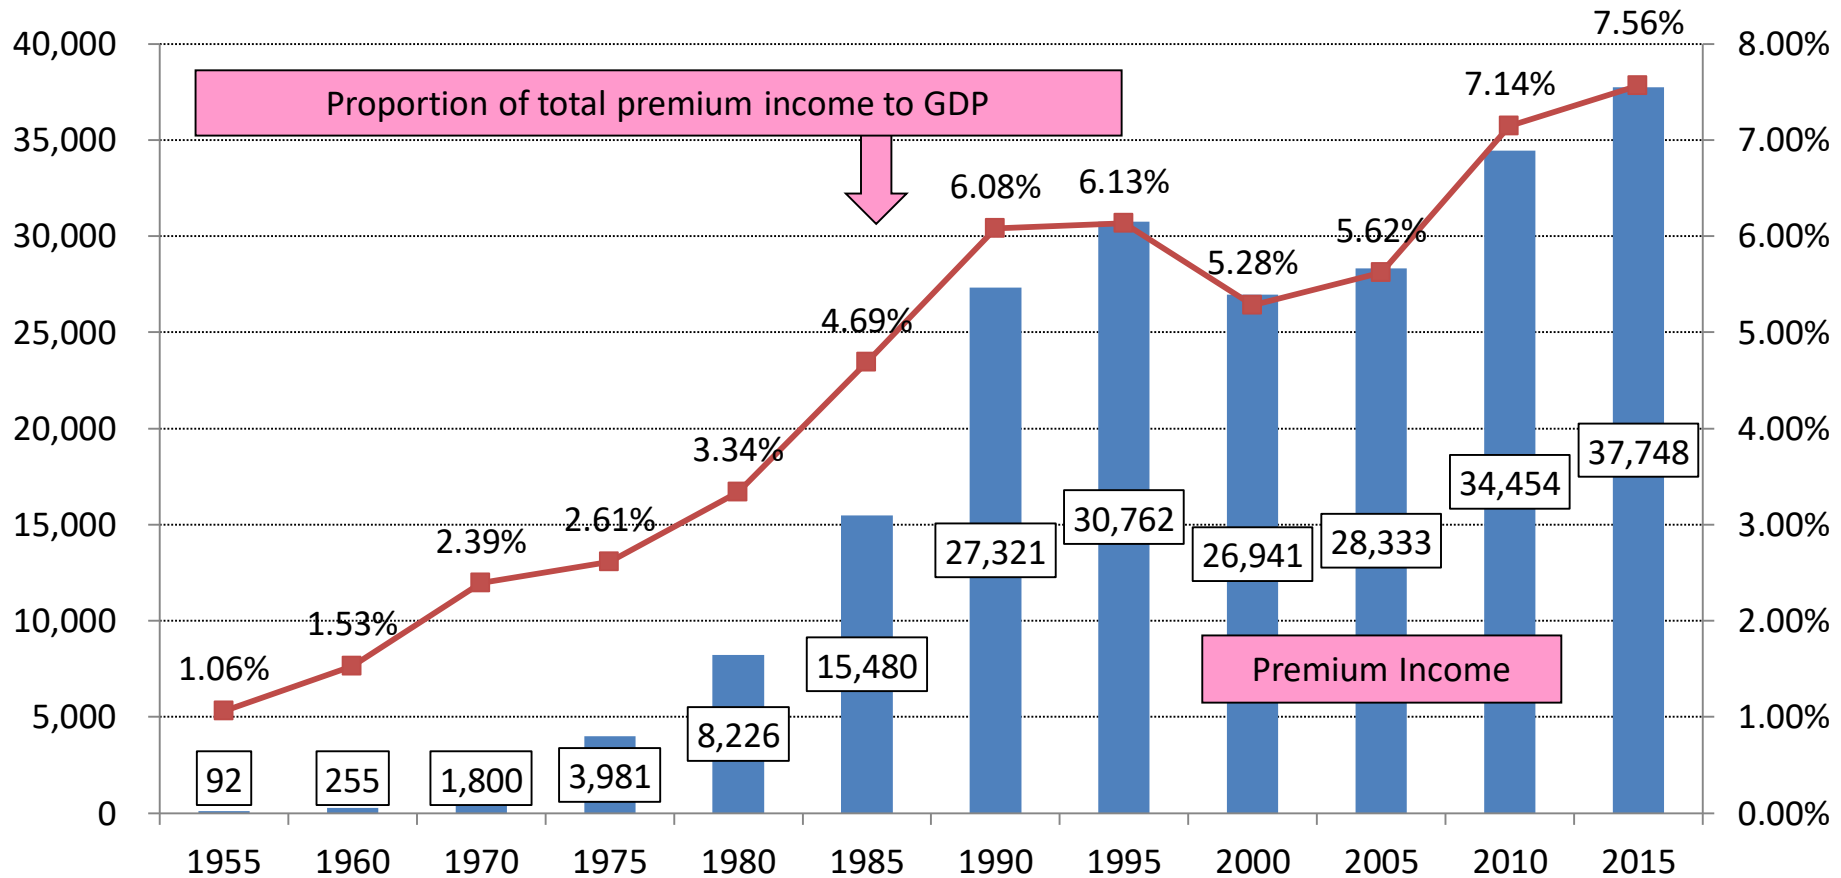

What we do:

- ✓ Recommendations on public policy discussion
- ✓ Inputs to standard setters
- ✓ Development of voluntary guidelines
- ✓ Administration of common-to-industry education programme
- ✓ Development of voluntary public disclosure model
- ✓ Anti Moral Hazard measures
- ✓ Social Service Activities
- ✓ ADR (Alternative Dispute Resolution)

Brief History of Market Development

Brief History Market Development

Total Premium Income to GDP (actual)

Brief History of Market Development

Changes in Product Portfolio (the number of new policies)

Brief History of Market Development

What brought those changes?

- ✓ Economic climate
 - : economy affects consumers' capacity and appetite
- ✓ Sophisticated medical technology
 - : growth in consumers' appetite for medical coverage
- ✓ Demographic change / Ageing
 - : less younger population and more elder population

Brief History of Market Development

Economic Climate

: economy affects consumers' capacity and appetite

- ✓ In the last 50 years, Japanese economy:
 - enjoyed breezy climate in 1970's;
 - was overheated by heat wave in 1980's;
 - was hit by a perfect storm in 1990's;
 - suffered damp climate in 2000's;
 - still suffers prolonged damp climate in 2010's.

- ✓ **Low interest rate environment** would not change in the last couple of decades, however, it will not last forever.

Brief History of Market Development

Sophisticated medical technology

: growth in consumer's appetite for medical coverage

- ✓ Sophisticated medical technology enabled:
 - longer life;
 - earlier detection of cancer;
 - broader application of advanced medical treatment.

- ✓ Statistics revealed the fact that more than 25% of the population dies because of malignant tumor (e.g. cancer) (28.7%), followed by heart disease (15.2%), pneumonia (9.4%), cerebrovascular disease (8.7%).

Brief History of Market Development

Demographic change / ageing

: less younger population and more elder population

- ✓ Mass retirement of baby boomers was observed in 2000's
- ✓ In ageing society, those retired need to be self-reliant in their life after retirement
- ✓ Those retired looked for investment opportunities that would be appropriate for the purpose of long-term retirement saving
- ✓ People seek for investment opportunities that are less risky than active investment and more profitable than deposit

Demographic Change / Ageing

Is it a challenge?

Or is it a potential for growth?

Demographic Change / Ageing

Ageing - less younger population, more elder population

< Population demographics >

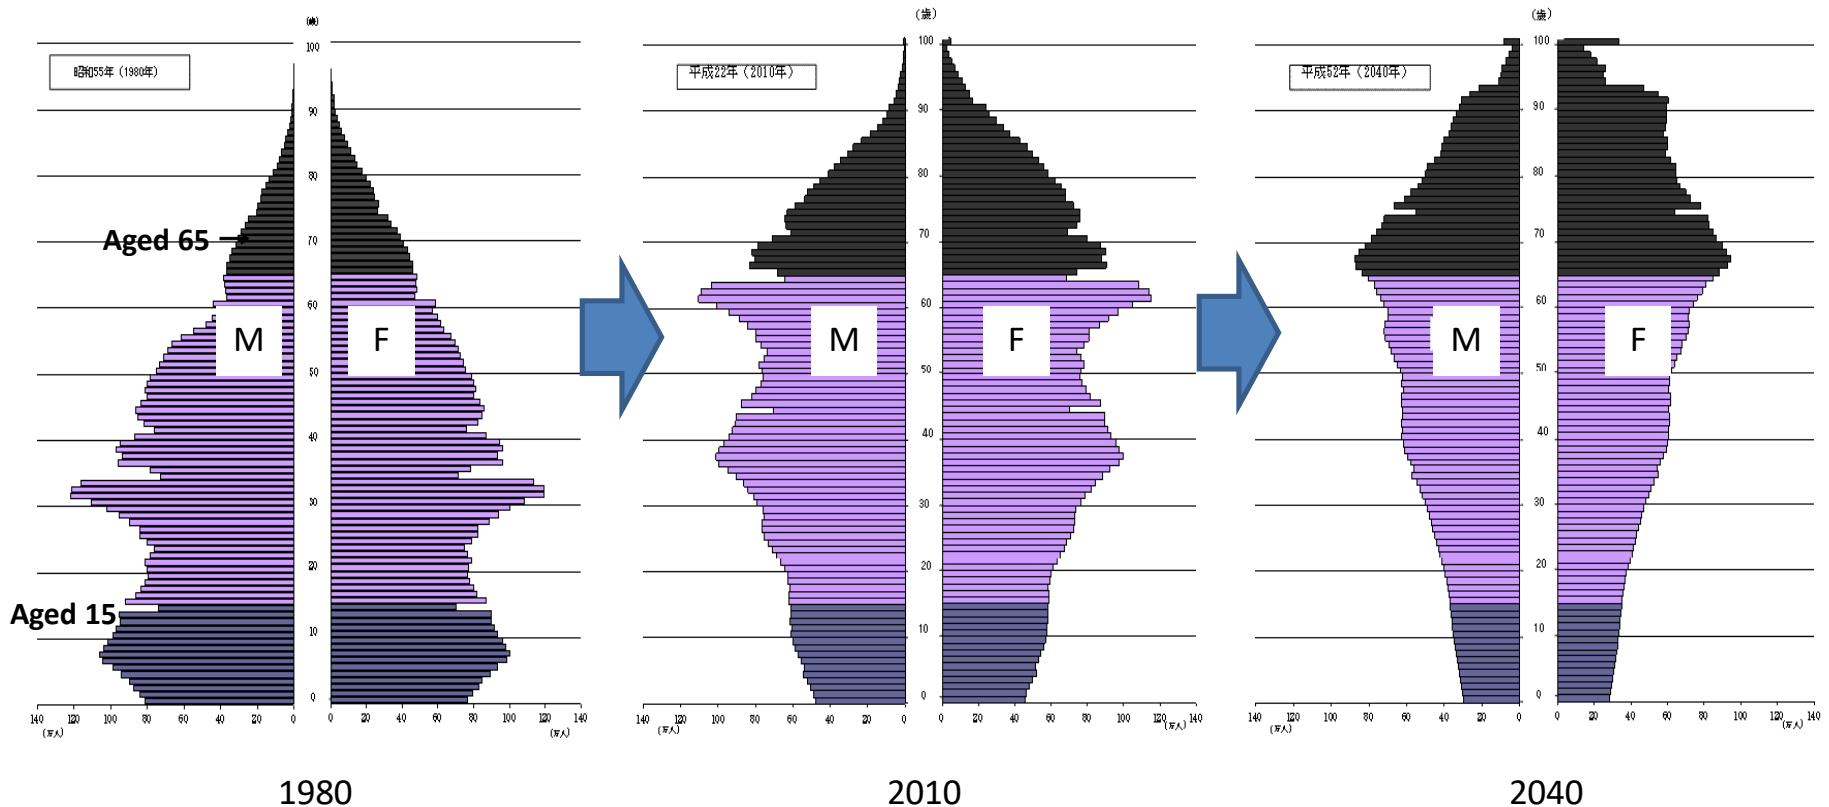

Source : The Ministry of Internal Affairs and Communications; National Institute of Population and Social Security Research
 Note: The total population from 1950 to 2010 includes the population of uncertain age.

Demographic Change / Ageing

Ageing - less younger population, more elder population

< Population pyramid >

Source : For the figure of 1980, "Population Census", The Ministry of Internal Affairs and Communications

For the figure of 2010 and 2040, The result of the medium variant projection under "Population Projection for Japan (as of January 2012)", National Institute of Population and Social Security Research

Demographic Change / Ageing

Ageing - less younger population, more elder population

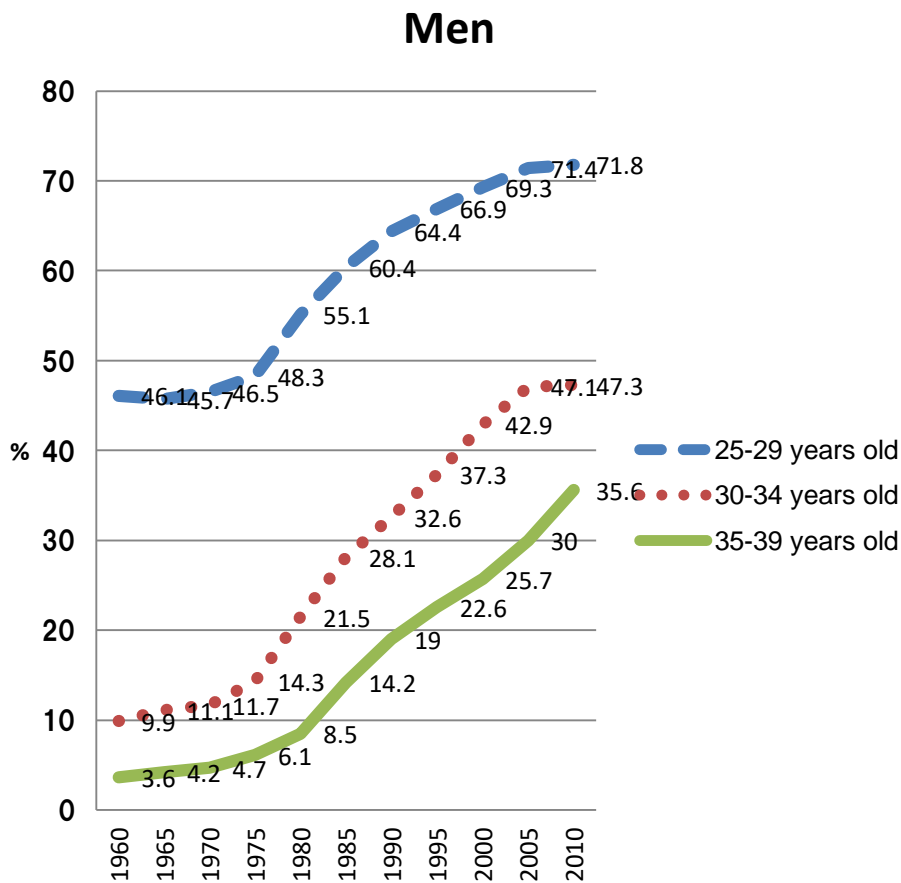

< Fertility rate and number of births >

Demographic Change / Ageing

Ageing - less younger population, more elder population

< Trend in the percentage of unmarried by age bracket >

Demographic Change / Ageing

Ageing Population in the World

< Europe and North America >

< Asia >

Source : United Nations; The Ministry of Internal Affairs and Communications; National Institute of Population and Social Security Research

Demographic Change / Ageing

What does ageing means to the industry?

- ✓ More elder population
 - : do they still have purchasing power?
 - If yes, how can we encourage their purchase?
- ✓ More un-married population
- ✓ More families with less children
 - : do they have less risks to be insured than married?
 - do they have someone who will take care of them in their old-age?
 - If not, how can we raise their awareness?

Demographic Change / Ageing

Amounts of Savings per Household

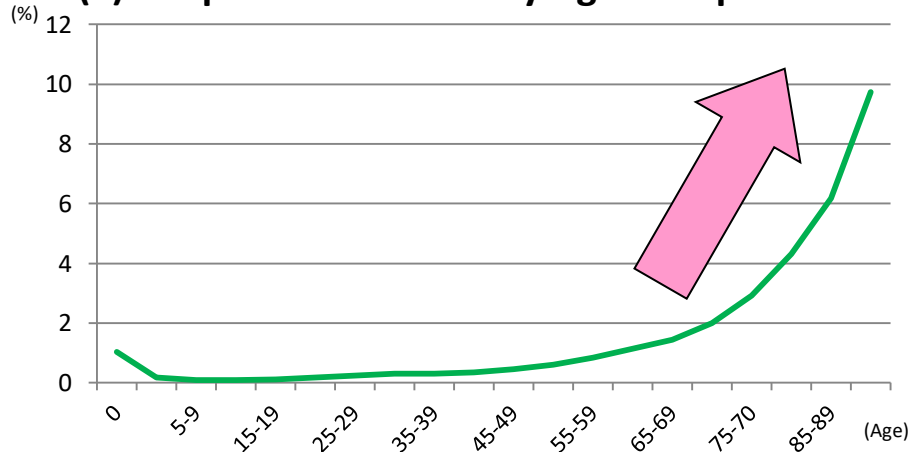

(million yen)

Demographic Change / Ageing

Medical Expenses

(a) Hospitalization Rate by Age Group

(b) Average Days of Hospitalization by Age Group
