Mr. Surachai Sirivallop

Position : Director, Chairman of the Executive Board

Institution : Thaire Life Assurance Public Company, Ltd.

Participated in : 1996

First of all, I would like to extend my heartiest congratulations to the board and staff members of FALIA for completing over half a century of success in serving the insurance community throughout Asia with relentless training services.

FALIA has continuously played a valuable role in developing the life insurance industry in Asia, especially the Thai life insurance industry. Over 300 Thai insurance specialists and executives, including myself, have been participated in FALIA's training programs since 1965 and a great numbers of them are now driving Thailand's life insurance market to reach 4.1% of the GDP this year from 1.1% two decades ago.

It is obvious that FALIA has become one of the top training institution in Asia that providing a platform for insurance technicians and executives to have a chance to get together, exchange ideas and learning from each other. It has now become a valuable network in Asia.

It is a great honor to be a part of FALIA and I wish FALIA all the success for many more years to come.
